PHILOSOPHY

The Mt. Zion Community Unit School District #3 is committed to providing all students with a variety of opportunities to learn the skills necessary for them to reach their potential as productive citizens. The co-curricular program aims to expand and enhance the learning opportunities available to students. In doing so, the district offers an extensive co-curricular program. While involvement in these activities is voluntary, one’s participation in such activities is a privilege. Students who choose to participate accept the responsibilities that come with serving as representatives of their school and community. These responsibilities hold students to a higher standard of conduct as a condition of participation. Those who represent the Mt. Zion Schools and community are expected to conduct themselves in a manner that brings honor to our school community.

This guide outlines the expectations for those who choose to be involved in the co-curricular program. This guide also defines the rights of our students that will accompany such responsibilities.

PURPOSE

The purpose of this guide is to clarify the consequences for all students involved in co-curricular activities who violate this code of conduct, and to establish procedures that will ensure fair and consistent enforcement of the guide. Participants involved in the co-curricular program are expected to comply with the regulations of the school, observe good order, and conduct themselves in a manner that will bring credit and honor to them and their school. All parties involved must always consider both the interests of the individual student and the integrity of the co-curricular program.

SECTION ONE

General Rules That Apply to All Participants

The rules apply on and off campus and whether or not the misconduct occurs at school or a school-sponsored activity or in some other locale. Mt. Zion School District administration reserves the right to investigate if there has been any previous violation of the code during the past 365(6) days. If a violation has occurred, the consequences shall be imposed in the next sport/activity in which the student participates. The student/athlete must start and finish that sport/activity in good standing in order to be considered punishment served. Penalties imposed hereunder should, if circumstances dictate, be carried over to the next sport/activity.

The school administration may determine a student participant ineligible for further competition/participation in any activity for violation of the Co-curricular Guide. SELF REPORT QUESTION: If a student has a drug or alcohol situation and goes to the building administrator and athletic director and requests help, what procedures and related consequences will be followed?

ANSWER: In an effort to encourage students to make good choices, a student may self-report in writing their substance use to an administrator. If the student sincerely seeks assistance with his/her alcohol, tobacco or drug situation (and it is not public knowledge or will soon be public knowledge that the student has been involved in a alcohol, tobacco or drug situation), the student will be considered to be under the first violation, but consequences will be waived as long as the student enrolls in an approved Alcohol/Tobacco/Drug Program with a Certified Alcohol and Drug Abuse Counselor (CADC) for a minimum amount of time recommended by the CADC. The student must also take and pass a drug test prior to returning to competition. A student may self-report no more than once per school year, and no more than twice during their high school career.

ENFORCEMENT AND REVIEW

The following procedure will be utilized in enforcing the Co-Curricular Guide:

1. The student will be given an opportunity to offer an explanation of the alleged allegations against him/her to the investigating administrator.

3. The student and his/her parent(s)/guardian(s) may appeal the Guide violation by requesting a review of the assigned consequences within five (5) days after the date the consequences are issued. This request must be addressed to the Superintendent in writing and must state the reasons that a review should be granted.
4. During review of the request, the Superintendent may interview material witnesses or others with evidence concerning the case. The student may also respond to the charges leveled against him/her and provide information for the reviewer to consider.
5. The Superintendent will review the evidence and act according to one or more of the following:
 - Affirm the consequence(s) as issued.
 - Impose additional consequences(s) as per this Guide.
 - Dismiss the issued consequence(s), and/or
 - Expunge records relating to the issue.

SECTION TWO

Student Athletic Code Overall Regulations

ABSENCE FROM SCHOOL ON DAY OF ACTIVITY

A student who is absent due to illness during the school day will not be admitted to after school co-curricular activities. Excused appointments as delineated in the appointment section will not affect the option of attending after school activities.

ACADEMICS

The academic eligibility policy as stated in the IHSA and IESA Eligibility Rules sections of the Student/Parent Handbook will be strictly adhered to. The primary responsibility of a Mt. Zion athlete is his/her academics. In addition, high school athletes must meet IHSA Athletic Eligibility rules printed at the bottom of this section.

ATHLETIC EQUIPMENT USE

Mt. Zion athletic equipment should not be worn in gym classes or elsewhere, other than in regular athletic contests or scheduled practices, unless directed by the Coach. Athletes are responsible for all equipment and clothing issued to them or entrusted to them for their use. Damages or lost articles must be paid for at replacement cost.

ATHLETIC PARTICIPATION FEE

During the school year, all athletes must pay a participation fee. The cost of the participation fee is \$40 for Junior High students and \$60 for High School students. There will be a \$260 maximum limit on participation fees for a family. The fee must be paid before a student is allowed to try out for a sport. If the athletic participation fee cannot be paid and the student wishes to participate in a sport, he/she should contact the Athletic Director or Principal. If the student decides to quit the sport, a refund of the participation fee will be given up until the first game. No refunds will be given after the first game or competition.

LATE TRYOUTS

Late tryouts will be permitted under the following circumstances.

1. Student injury and/or illness – the student or parent must notify the Coach or Athletic Director in advance that the athlete will not be able to begin the season because of injury (illness).
2. The student moves into the District (or enrolls late) after the season has started.
3. A family commitment – the student must obtain approval from the Coach or Athletic Director before missing the first practice.
4. Conflict with another school activity – the student must notify the Coach or Athletic Director of the conflict prior to missing the first practice.

Exceptions may be made by the Athletic Director, but should be approved prior to the start of the season so that plans can be made accordingly.

REQUIREMENTS BEFORE PARTICIPATION

Students are required to submit the following information to the coach and/or Athletic Director prior to the beginning of participation:

- A. Athletic Participation Fee Receipt (or waiver)
- B. Current Physical Examination Form – this is good for 13 months from the date of his/her physical exam. This form must be turned in prior to tryouts (all sports including cheerleading and pom poms).
- C. Birth Certificates (Jr. High School only)

SCHOOL DISCIPLINE

In addition to the punishment imposed under the terms of the Co-Curricular Guide, violators may also face additional discipline under the School District's Discipline Policy for violations occurring on school property or at a school activity by the Mt. Zion Board of Education, building principal and/or athletic director.

STUDENT/ATHLETE RULES OF CONDUCT

All students/athletes must adhere to the rules and regulations of the *Mt. Zion Co-Curricular Guide* that will be distributed and signed by parents and students prior to the school year. Students will fall under the Co-curricular Guide from the end of fourth grade through high school graduation. The policy resets at the completion of the 8th grade year.

STUDENT INSURANCE

Students are covered against medical expenses for accidental injuries that occur while attending regular school sessions and participating in activities exclusively organized, sponsored and supervised by school employees, including tackle football. Full details of this insurance coverage are available in brochures available at each school's office. This coverage is provided as secondary insurance to parents and students in the local district. Certain exclusions and limitations will apply; even if a student/family already has insurance protection, the student accident coverage can help to fill the gaps in coverage left by deductibles or coinsurance payments. Applications for benefits are available in each school's office. The district assumes no responsibility for any accident or for the filing of claims. Claims must be filed immediately after an accident by the student/parent.
